

### **Do you know the DELE diplomas?**

DELE Spanish diplomas are official diplomas certifying the degree of competence and mastery of the Spanish language. They are issued by the Cervantes Institute on behalf of the Ministry of Education and Professional Training of Spain.

**DELE Spanish diploma level A1** certifies sufficient linguistic competence to understand and use everyday expressions very frequently used throughout the Spanish-speaking world, aimed at satisfying immediate needs.

**DELE Spanish diploma level A2** certifies that the candidate is able to understand phrases and expressions frequently used in daily life related to areas of experience that particularly concern him/her (basic information about himself and his family, purchases, places of interest, professions, etc.).

**DELE Spanish diploma level B1** certifies sufficient linguistic competence to understand and react appropriately to the most common situations of daily life and to communicate one's wants and needs in a basic way.

**DELE Spanish diploma level B2** certifies sufficient linguistic competence to function in current situations of daily life, in normal communication circumstances which do not require specialized use of the language.

**DELE Spanish diploma level C1** certifies sufficient linguistic competence to express oneself clearly and without having to limit what one wants to say. The candidate masters a large lexical repertoire, including idiomatic and colloquial expressions.

The **C2 level DELE Spanish diploma** certifies the linguistic competence necessary to function in situations that require high use of language and knowledge of the cultural habits that are manifested through it.

**DELE school exams** are aimed at Spanish students in schools between 11 and 18 years old (people over 18 must register for general exams), regardless of their nationality or origin. Parents, guardians or legal representatives must register minors.

Exam **DELE A1 school** is recommended for middle school students
